

KickStart Breakfast

Giving kids a healthy start to their day

KickStart Breakfast helps kids experience the power of a nutritious breakfast to provide both strength and energy for maximum learning at school.

It's a partnership – Fonterra and Sanitarium provide the milk and cereal, and each school community takes responsibility for running the breakfast club at their school.

Over 380 schools have already found additional benefits from the programme including increased levels of concentration, numeracy and literacy.

If you want to set up a KickStart Breakfast Club at your school or to find out more visit www.kickstartbreakfast.co.nz
